

Smart Man & Van

It is with great confidence that I am writing to recommended the services of
Haitham Darweash

I have known Haitham for a long time, and he has always been a helpful and enthusiastic.

Recently, he began his own Marvels Technology company and I was happy to hire him for some work
around my company. I was so completely satisfied with the work he did consulting, repairing, providing
the technical support and spare parts for our system.

I can't express enough how happy I was to have a stable system finally done and with such
professionalism, too. Haitham was always on time and I felt his bid was quite fair. I am certain that I will
hire him again when I need more work done.

I'm happy to recommend his services. If you have any questions, please feel free to contact me.

Sincerely,

Omar Gomaa
